PROFILE

Junior Full-Stack Developer with training in software development (HTML, CSS, JavaScript, Python, SQL, Django,React). After several years of experience in the hospitality sector—where I developed precision, reliability, and teamwork skills—I am now pursuing a career in IT. Highly motivated to grow as a developer and contribute with problem-solving and creativity to innovative digital projects.

IT PROJECTS & EXPERIENCE

• Course Projects (UCD Professional Academy): Developed web applications using Django and React; Designed relational databases with SQL; Built responsive and dynamic web pages with HTML, CSS, and JavaScript.

• Personal Projects: Personal online portfolio (HTML/CSS/JS); To-Do List app with Python + Django; Small e-commerce demo with React.

EDUCATION

• UCD Professional Academy – Full-Stack Software Development (March 2024 – March 2025).

• Escape Campus, London – English Certificate B2 (January 2022 – April 2022).

• Pietro Piazza Hospitality School (Palermo, Italy) – Diploma (June 2015).

WORK EXPERIENCE

• Pizza Chef | Oak Fire Pizza (May 2019 – Present): Managed kitchen operations, ensured product quality, maintained hygiene and safety standards.

• Restaurant Assistant Operative | Mullinavat Takeaway

SKILLS

Full-stack frameworks with Django - SQL - How to Use Frameworks HTML Essentials CSS Essentials JavaScript Essentials Python Essentials Syntax and selectors Comparing coding language approaches – APIs - jQuery Functions in Python Front-end use of Python.
